SHEIK MUKSENA.N

MCA STUDENT

PROFILE

Motivated and detail-oriented MCA student with a strong foundation in computer applications and a keen interest in software testing, data analysis and emerging technologies. I am eager to apply my technical skills and problem-solving abilities in a growth-oriented organization. Committed to continuous learning and contributing effectively to achieve organizational goals while building a successful career in the IT industry.

WORK EXPERIENCE

24/7 ai – Bangalore — 2025 – 2026

- Worked on real-time AI tools and automation solutions to enhance business processes and improve efficiency.
- Assisted in data preprocessing, model testing and user support activities.
- Collaborated with the team to analyze data and generate reports for client requirements.
- Gained hands-on experience in AI tools, automation workflows and customer support operations.

D-Mart – Accounts Department | Part-Time — 2023 – 2024

- Assisted with accounts-related activities, documentation, and record maintenance.
- Used SAP for accounting and business operations.
- Supported data verification and periodic auditing activities.
- Developed strong attention to detail, accuracy, teamwork, and time management.

PROJECTS

AI-Based Resume Screening System — Academic Project

- Developed a web-based application to automate resume screening and ranking.
- Implemented NLP techniques for skill extraction and job description matching.
- Built a user-friendly dashboard to manage candidates and view results.
- Used Python, Flask, HTML, CSS and SQLite for database management.

Augmented Reality (AR) – Consumer Behaviour Analysis — Academic Project

- Developed an AR-based application to analyze how augmented reality influences consumer behaviour.
- Used image tracking and 3D models to create interactive product experiences.
- Conducted surveys and analyzed user responses to evaluate the impact of AR.

Branded Email Notification Service — Academic Project

- Developed a college-branded email notification system using PHP, MySQL, and PHPMailer.
- Automated welcome, exam result, and disqualification emails using dynamic templates.
- Implemented API triggers, email logs, and failed-email retry mechanisms.
- **Learnings:** PHP, MySQL, API integration, email automation, and application security.

SmartAssess 360 – Student Assessment Tracking & Analytics Portal — Academic Project

- Developing a student assessment tracking and analytics portal for Adhiyamaan College using Python Flask.
- Designing student/admin modules for assessment records, progress tracking, and performance monitoring.
- Planning interactive dashboards and data-driven insights using Python, MySQL, and data visualisation tools.
- **Learnings:** Python, Flask, MySQL, full-stack development, data analytics, authentication, and Git/GitHub.

SOFT SKILLS

- Communication
- Teamwork & Collaboration
- Problem Solving
- Time Management
- Attention to Detail

HARD SKILLS

- Web Application Development
- Database Management (DBMS)
- Data Analysis & Reporting
- Email Automation
- MS Excel & MS Office
